FXP CARBON

MOUNTAINEERING WAS NEVER EASIER!

Handling the FXP is as easy as it can be. The packed pole is held together by a Velcro strap and once opened, it unfolds completely by itself. This is not only easy, it also saves time and creates a unique experience.

THE FIRST AND ONLY SELF DEPLOYING FOLDING POLE

SOLID MECHANICAL CONNECTION

no load on the push button

PURE MAGIC - SELF DEPLOYING

when released, the pole deploys completely by itself

FXP MECHANISM

Exclusively and only from Komperdell

30% LIGHTER

going from 11 to 3 parts in the folding system makes all the difference

**HONEST
SUSTAINABILITY**

100% MADE IN AUSTRIA

**HIGH QUALITY POLES, MADE IN THE HEART OF
THE SALZKAMMERGUT**

For almost 100 years now each of our poles has been produced in our own factory in Austria. We stand for innovation, exceptional service and a responsible treatment of the environment.

THE CLEANEST POLE PRODUCTION

No one produces under such strong environmental constraints as we do. For us, a conscious and sustainable approach to the environment has always been a matter of course. Our production works with pollutant-free and largely recycled materials. Our energy is generated 100% from renewable sources and we produce with the most modern and cleanest painting and production facilities.

LEADERS IN INNOVATION

We are still enthusiastic inventors and are not afraid to think unconventionally. The hunger for ever new innovations is simply part of our DNA. In addition to Komperdell, we are proud to develop and manufacture the collections of over 40 leading international brands.

LOVE FOR OUR CUSTOMERS

Love for our customers is our most important asset – we not only want to satisfy our customers, we want to inspire them! Precisely because of this motivation, we offer direct customer service and a free 3 year warranty! Every customer can send his pole, no matter where he bought it, directly to us, we will take care of it – no matter what happened!
